**Construction products from SFS without CE-mark**

Dear Sir or Madame

According to Article 4 of Regulation (EU) No 305/2011 of the European parliament and of the council ("Construction Products Regulation") a declaration of performance must be drawn up by the manufacturer only if the product is covered by a harmonised standard or conforms to a European Technical Assessment. According to Article 8 only these products may be CE marked.

The product is not covered by a harmonised standard or conforms to an European Technical Assessment respectively Approval. Therefore SFS intec as manufacturer is not permitted to draw up a declaration of performance for this product. It is not allowed to affix the CE mark on this product.

As the product is not covered by a harmonised standard or conforms to a European Technical Assessment it may be placed on the market without declaration of performance and CE mark.

Best regards,  
SFS intec AG, FasteningSystems
